## 2. HAZARDS IDENTIFICATION

## 2.1 Classification of the substance or mixture

According to EU Directives 67/548/EEC or 1999/45/EC:

Not hazardous.

## 2.2 Label elements

Labelling according to EEC Directive

**S-phrases** : S24/25 Avoid contact with skin and eyes.

## SAFETY DATA SHEET

CLP classifications are based on all current available data including from known international organizations. These classifications are subject to revision as more information becomes available.

**SAFETY DATA SHEET**

According to article 31 and Annex II of the EU REACH Regulation

Version: 2.0  
Revision Date: 24.02.2011  
Superseded date: 23.05.2007**MOLYKOTE(R) 165 LT****4. FIRST AID MEASURES****4.1 Description of First Aid Measures:**

- On contact with eyes** : Flush with water.
- On skin contact** : Flush with water. If skin irritation persists, get medical attention.
- If inhaled** : No first aid should be needed.
- On ingestion** : Do not induce vomiting. Obtain medical attention.

**5. FIRE-FIGHTING MEASURES**

- 5.1 Suitable extinguishing media** : On large fires use dry chemical, foam or water spray (fog). On small fires use carbon dioxide (CO<sub>2</sub>), dry chemical or water spray. Water can be used to cool fire exposed containers.
- Unsuitable extinguishing media** : None known.
- 5.2 Hazards during fire fighting** : None known.
- Hazardous Combustion Products** : Thermal breakdown of this product during fire or very high heat conditions may evolve the following decomposition products: Carbon oxides and traces of incompletely burned carbon compounds. Formaldehyde. Sulphur products. Traces of fluorinated products.
- 5.3 Special protective equipment/procedures** : A self-contained respirator and protective clothing should be worn. Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool.

**6. ACCIDENTAL RELEASE MEASURES**

- 6.1 Personal precautions, protective equipment and emergency procedures** : Wear proper protective equipment.
- 6.2 Environmental precautions** : Do not allow large quantities to enter drains or surface waters.
- 6.3 Methods and materials for containment and cleaning up** : Scrape up and place in a container fitted with a lid. The spilled product produces an extremely slippery surface.

## SAFETY DATA SHEET

According to article 31 and Annex II of the EU REACH Regulation

Version: 2.0  
Revision Date: 24.02.2011  
Superseded date: 23.05.2007

## MOLYKOTE(R) 165 LT

## 7. HANDLING AND STORAGE

- 7.1 Advice on safe handling** : General ventilation is recommended. Do not breathe spray or mist. Avoid skin and eye contact. Do not empty into drains.
- 7.2 Advice on storage** : Do not store with oxidizing agents.
- 7.3 Specific uses** : Refer to technical data sheet available on request.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

## 8.1 Control parameters

| Name  | CAS-No.    | Exposure Limits  |
|---|------------|--|
| Distillates (petroleum), solvent refined heavy naphthenic | 64741-96-4 | 10 mg/m <sup>3</sup> STEL Oil Mist,mineral<br>5 mg/m <sup>3</sup> TWA Oil Mist,mineral |
| Distillates (petroleum), solvent refined heavy paraffinic | 64741-88-4 | 10 mg/m <sup>3</sup> STEL Oil Mist,mineral<br>5 mg/m <sup>3</sup> TWA Oil Mist,mineral |
| Distillates (petroleum), hydrotreated heavy paraffinic    | 64742-54-7 | 10 mg/m <sup>3</sup> STEL Oil Mist,mineral<br>5 mg/m <sup>3</sup> TWA Oil Mist,mineral |
| Distillates (petroleum), solvent-dewaxed heavy paraffinic | 64742-65-0 | 10 mg/m <sup>3</sup> STEL Oil Mist,mineral<br>5 mg/m <sup>3</sup> TWA Oil Mist,mineral |

## 8.2 Exposure controls

**Engineering Controls** : Ventilation : Refer to Section 7.1

**Personal protection equipment**

**Respiratory protection** : A suitable respirator must be worn if the product is used in any circumstances where an aerosol or mist may be generated, such as during spraying or similar activities. Depending on the working conditions, wear a respiratory mask with filter(s) P or use a self-contained respirator. The choice of a filter type depends on the amount and type of chemical being handled in the workplace. Regarding filter characteristics, contact your respiratory protection supplier.

**Hand protection** : Chemical protective gloves should be worn where repeated or prolonged contact can occur: Silver shield(TM). 4H(TM). Regarding glove's breakthrough time,contact your chemical protective glove supplier.

**Eye/face protection** : Safety goggles should be worn.

**Skin protection** : Wear impervious overalls in circumstances where significant skin contact can occur.

**SAFETY DATA SHEET**

Superseded date: 23.05.2007**MOLYKOTE(R) 165 LT**

|   |   |   |
|---|---|---|
| <b>Hygiene measures</b>                       | : | Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking or smoking.                                |
| <b>Additional information</b>                 | : | These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require added precautions. |
| <b><u>Environmental exposure controls</u></b> | : | Refer to section 6 and 12.  |

**9. PHYSICAL AND CHEMICAL PROPERTIES**

|                             |   |        |
|-----------------------------|---|--------|
| <b>Form</b>                 | : | Grease |
| <b>Colour</b>               | : | Black  |
| <b>Odour</b>                | : | Slight |
| <b>Explosive properties</b> | : | No     |
| <b>Specific Gravity</b>     | : | 0.98   |
| <b>Oxidizing properties</b> | : | No     |

The above information is not intended for use in preparing product specifications. Contact Dow Corning before writing specifications.

**10. STABILITY AND REACTIVITY**

|  |   |   |
|--|---|---|
| <b>10.1 Reactivity</b>                         | : | None known.   |
| <b>10.2 Stability</b>                          | : | Stable under normal usage conditions.   |
| <b>10.3 Possibility of hazardous reactions</b> | : | None known.   |
| <b>10.4 Conditions to avoid</b>                | : | None established.   |
| <b>10.5 Materials to avoid</b>                 | : | Can react with strong oxidising agents.   |
| <b>10.6 Hazardous decomposition products</b>   | : | Thermal breakdown of this product during fire or very high heat conditions may evolve the following decomposition products: Carbon oxides and traces of incompletely burned carbon compounds. Formaldehyde. Sulphur products. Traces of fluorinated products. |

**11. TOXICOLOGICAL INFORMATION****Acute toxicity:**

|                             |   |                      |
|-----------------------------|---|----------------------|
| <b>On contact with eyes</b> | : | Slightly irritating. |
| <b>On skin contact</b>      | : | Slightly irritating. |

## SAFETY DATA SHEET

According to article 31 and Annex II of the EU REACH Regulation

Version: 2.0  
Revision Date: 24.02.2011  
Superseded date: 23.05.2007

## MOLYKOTE(R) 165 LT

- If inhaled** : No adverse effects are normally expected.
- On ingestion** : Smallest quantities reaching the lungs through swallowing or subsequent vomiting may result in lung oedema or pneumonia. May cause slight mucous membranes irritation.

**Chronic toxicity:**

- On skin contact** : Can irritate on prolonged or repeated skin contact.
- If inhaled** : No adverse effects are normally expected.
- On ingestion** : Repeated swallowing may cause gastrointestinal irritation and disturbance.

**Toxicokinetics, metabolism and distribution** : No specific information is available.

**Other Health Hazard Information** : This product contains (a) powder(s) hazardous by inhalation. This is not relevant to the current physical form of the product, which is not in a respirable form. Product may emit formaldehyde vapour at temperatures above 150°C in the presence of air. Formaldehyde vapour is a suspected carcinogen, toxic by inhalation and irritating to eyes and the respiratory system. Exposure limits should be strictly respected.

<sup>1</sup> Based on product test data.

<sup>2</sup> Based on test data from similar products.

**12. ECOLOGICAL INFORMATION****12.1 Ecotoxicity effects**

No adverse effects on aquatic organisms are predicted.

**12.2 Persistence and degradability**

Solid material, insoluble in water. No adverse effects are predicted.

**12.3 Bioaccumulation**

No bioaccumulation potential.

**12.4 Release to waters / Mobility in soil****Fate and effects in waste water treatment plants:**

No adverse effects on bacteria are predicted.

Revision Date: 24.02.2011  
Superseded date: 23.05.2007**MOLYKOTE(R) 165 LT****16. OTHER INFORMATION**

This product safety data sheet was prepared in compliance with article 31 and Annex II of the EU REACH Regulation as well as its relevant amendments, on the approximation of laws, regulations and administrative provisions relative to the classification, packaging and labelling of dangerous substances and preparations.

It is the responsibility of persons in receipt of this Product Safety Data Sheet to ensure that the information contained herein is properly read and understood by all people who may use, handle, dispose or in any way come in contact with the product. If the recipient subsequently produces a formulation containing the Dow Corning product, it is the recipient's sole responsibility to ensure the transfer of all relevant information from the Dow Corning Product Safety Data Sheet to their own Product Safety Data Sheet in compliance with article 31 and Annex II of the EU REACH Regulation.

All information and instructions provided in this Safety Data Sheet (SDS) are based on the current state of scientific and technical knowledge at the date indicated on the present SDS. Dow Corning shall not be held responsible for any defect in the product covered by this SDS, should the existence of such defect not be detectable considering the current state of scientific and technical knowledge.

As stated above, this Safety Data Sheet has been prepared in compliance with applicable European law. If you purchase this material outside Europe, where compliance laws may differ, you should receive from your local Dow Corning supplier a SDS applicable to the country in which the product is sold and intended to be used. Please note that the appearance and content of the SDS may vary - even for the same product - between different countries, reflecting the different compliance requirements. Should you have any question, please refer to your local Dow Corning supplier.

| 5                                    | Is head protection required                              | No            |             |
| 6                                    | Is hearing protection required when working in this area | Yes           |             |
| 7                                    | Is respiratory protective equipment worn currently       | No            |             |

| <b>Initial Substance Assessment Conclusion</b>  |   |                             |                                 | <b>Answer</b>           |
|---|---|-----------------------------|---------------------------------|-------------------------|
| The hazards associated with this material, the amount of material used and the frequency and duration of the activity result an extremely low likelihood that a risk to health exists when using this material under open conditions or on the open bench and using good work practice. |   |                             |                                 | ✓                       |
| The amount being used and the frequency and duration of exposure indicate that if used under the control of local exhaust ventilation the risks to health would be reduced to well below the exposure limits and that the potential risks to health would be low.                       |   |                             |                                 |                         |
| Due to the hazards associated with this material the PPE identified above must be worn when handling this material in order to prevent direct skin contact. If PPE is worn in accordance with manufacturers recommendations the risks to health will be adequately controlled.          |   |                             |                                 |                         |
| The hazards associated with this material indicate that a detailed risk assessment must be completed.<br><b>Do not use this material unless a detailed COSHH Assessment has been completed</b>  |   |                             |                                 |                         |
